

CALLING ALL TALENT!

**HERE'S YOUR CHANCE TO MAKE A DIFFERENCE
and SHOW THE WORLD YOUR TALENT!**

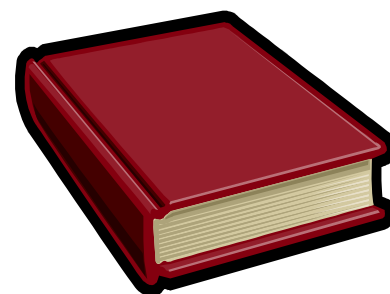

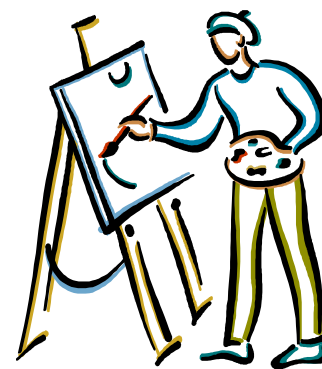

The **Friends of AIDS Foundation** is currently seeking submissions from individuals interested in donating their work to help stop the HIV/AIDS pandemic. We are accepting original and ready to print art, photographic, and literary works with a spiritual influence to be considered for inclusion in **POSITIVE INSPIRATIONS**. This soon to be released book will bring together the creative community to showcase their talent and generate HIV awareness. Whether you are a beginner or a professional, you do not want to miss this chance to gain worldwide exposure and help create a positive impact on the HIV/AIDS pandemic.

Art is the universal language that has the power to bring together many diverse people to hear an important message. The HIV/AIDS pandemic is likely the greatest global health challenge of our lifetime and we believe that artistic expression has the ability to educate and empower individuals to affect change. With more than 33 million people living with HIV/AIDS worldwide and thousands more becoming infected everyday, the need for this publication is urgent.
